# WHAT CAN WE DO FOR YOU?

**PREMIUM MOBILITY TEXTILES FROM ONE SINGLE SOURCE.  
MADE IN SWITZERLAND.**

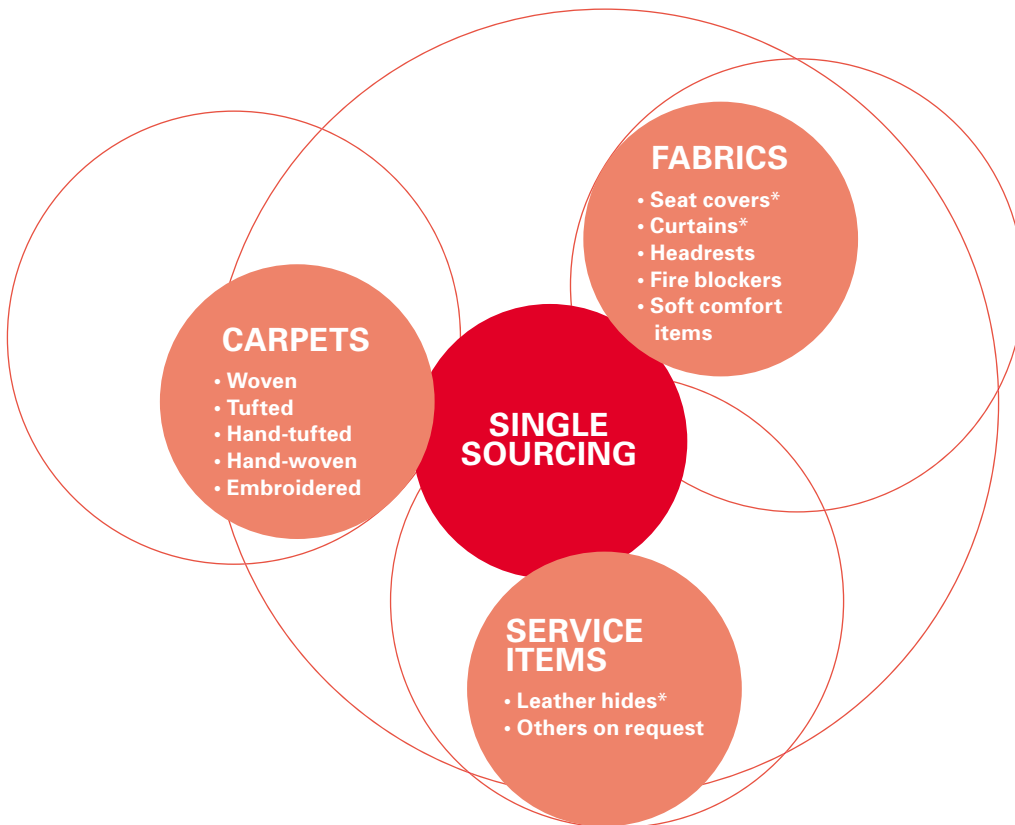

## THROUGH PASSION AND PRECISION TO PERFECTION

TISCA TIARA's extensive product range includes woven and tufted carpets and rugs as well as upholsteries, draperies and decorative fabrics. Subsidiary companies complement the product portfolio with hand tufted and hand woven carpets. The subsidiary WARON produces seamless wool carpets in any shape and color on embroidery machines – a world-wide exclusivity.

As an all-inclusive manufacturer, TISCA TIARA unites seven highly specialized textile competence centers under one roof and is thus able to satisfy any textile requirement of the transportation industry.

TISCA TIARA's strengths include flexibility, fulfillment of the most extraordinary customer requests, comprehensive and quick sample service, innovative design as well as high capacity and quick production. Quality is both our trademark and responsibility. National and international references testify to our capabilities and competitiveness.

Driven by curiosity and untiring creativity, we develop products from classic elegance to pioneering modernity. The pursuit of visions, the attempt to make dreams come true, the ongoing quest for individuality and uniqueness: at TISCA TIARA, the relentless striving for perfection is our trademark and tradition.

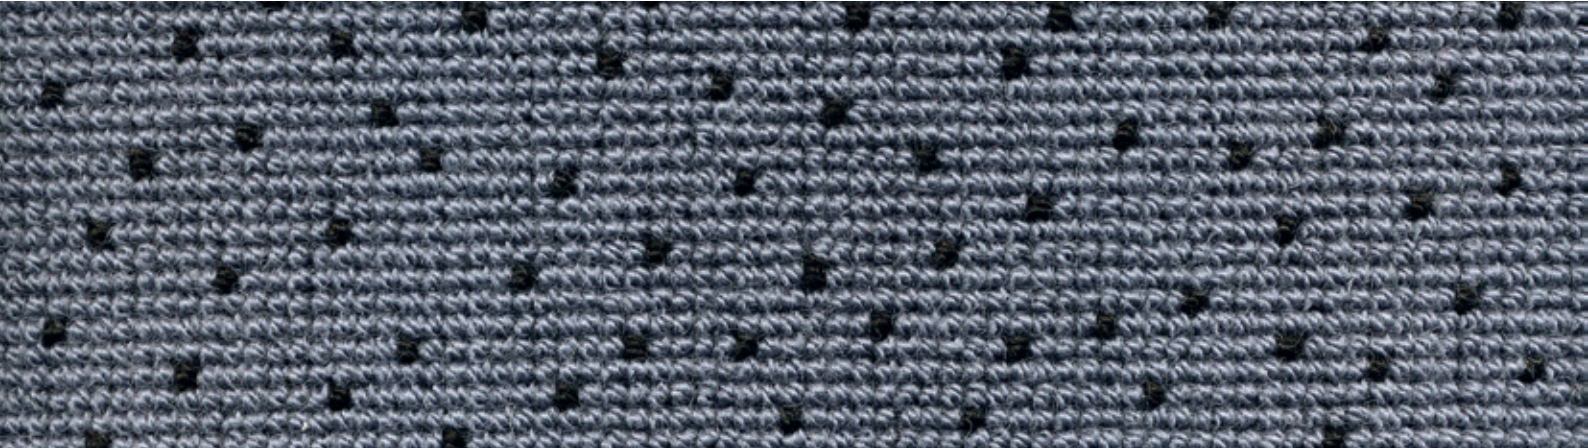

\* We are able to deliver ready-to-use products if requested (fully assembled, confectioned seat covers and pleated curtains).

TISCA TIARA provides a broad range of textiles and services to the international market of transportation interiors: aircraft cabins, railway cars, cruise ships, buses and other transportation vehicles.

# WHY WE CAN KEEP OUR PROMISES.

TISCA TIARA WAS FOUNDED IN 1940.

The company, along with its subsidiaries, has grown to become one of Switzerland's most prominent and leading manufacturers of home, contract and mobility textiles.

The family-owned and family-run business is headquartered in Bühler, a region of Appenzell. Several production sites are operated in the eastern part of Switzerland. The company also has various subsidiary companies abroad.
